***via [Google Meet](https://meet.google.com/ore-tfom-dry) meet.google.com/ore-tfom-dry**

Phone: (US) +1 617-675-4444 PIN: 776 063 074 8395#

***Please note this meeting is virtual.**

AGENDA:

- Welcome Members and Guests
 - Parent /guardian representatives:
 - Marci Martinez, Santa Barbara LC
 - Hannah Morse, Orcutt LC
 - OGSC Team members
 - Johanna Chase Director of Education and Student Support

- Overview of Council Purpose
 - Provide input on OGCS center and organization plans
 - Local Control Accountability Plans
 - *LEAP: develop resources such as a reading log with a reading response section for independent reading, tools such as guidance for parents/guardians on how to support students in completing projects, research notes for how to do write research papers, how to build an outline and a thesis statement. Google sheets that guided the weekly work were really helpful.*
 - *Videos will be helpful but if the website had parent links, parent pages, and resources to help parents help their children is great*
 - *Student resources would be helpful as well for example how to do a powerpoint presentation, quick links would be very helpful*
 - *Can we provide a folder of digital resources for parents and students by grade level to help empower parents in supporting students as independent learners*
 - School Safety Plans
 - *For average students, the platform (Strongmind) can be challenging*

- *Ask teachers what do you as teachers need to be empowered to support parents and students*
 - *How can we better support our teachers*
 - Engage collaborative conversations for ongoing continuous improvement
 - *WASC Accreditation Self-Study*
 - *Look at DP HS in Santa Barbara to see what they offer and see if we can model their pathway.*
 - *Partner with parents to support enrichment activities like car clubs so students can appreciate STEAM enrichment activities*
 - *UCSB, Marine Technology Lab supports TK-12 annual enrichment activities*
 - *SBCC math program is expanding and reaching out to female students to engage them in STEAM, athletics program or involved in the math STEAM program (Marci Martinez)*
 - *Weekly study groups and invite SBCC and other community college / university faculty to participate and engage with students*
 - *Focus on Learning that reflects Learning, Engagement, Attendance, and Parent Involvement (LEAP)*
- Determination of best dates / times for remaining council meetings in 2021-2022 school year
 - *Based upon members's schedules*
 - *Flexible on day/times to meet, evenings do work best keep the 7 pm time slot and go from 7 pm to 8 pm*
